

Notes:

1. All dimensions are in inches.
2. Slot connectors must be oriented as shown.
3. Pin 1 must be marked on at least one slot.
4. Each slot number must be indicated on the PCB.
5. All backplane slots must fit full-dimension cards
6. Slots at either end of the backplane must allow a minimim 0.1" clearance between full dimension cards and chassis.
7. Maximum component height under cards may not exceed the edge connectors.
